Firearm Safety Assistance

Free Gunlocks

VA Stars & Stripes Healthcare Network

U.S. Department of Veterans Affairs

Firearms at Home Pose Risks

The presence of firearms in households has been linked to increased risk of injury or death in or around the home. Because of this, VA health care staff is strongly encouraged to promote firearm safety for veterans.

As part of this effort, veterans and their caregivers may be able to obtain free gunlocks from their local VA Stars & Stripes Healthcare Network medical center. Gunlocks are available through each VA medical center's police department until supplies are exhausted. Training for the use of the gunlocks will also be provided. Please see the back panel of this brochure for the phone numbers of our medical centers.
